## Crystal glass

Crystal glass differs from conventional glass by its particularly high transparency and brilliance. Depending on the cut, light rays are refracted thousands of times in the glass, so that crystal glass shimmers and sparkles beautifully. With their appealing appearance and fine mouth rim, stemware made of crystal glass is also perfect for tasting.

for all situations

The Valinta buffet system can be combined as required. Use the individual components and put together your own customized buffet system to suit your requirements and premises.

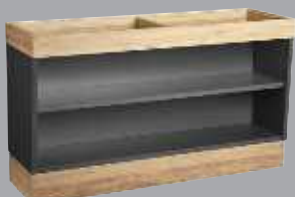

## VEGA

### Buffet tables Valinta

Buffet table made from derived timber product. This table is ideal for combining with all of our buffet accessories in a modular way. The three different insert panels (solid panel, insert for GN platters, attachment for chafing dish Fenton GN 1/1), hygiene protection screen and the optional niche panel are available separately. The base and 1 shelf on wall elements/2 shelves (can be adjusted to 10 different heights) on island elements in the body provide ideal storage space for additional plates, cups, etc. There is a cable opening inside the table that allows power cables and water pipes to be fed in and out. The tables are also equipped with 4 height-adjustable gliders on the base. Robust. Durable. Easy-care.

### Chair Vindo

Elegant chair with a varnished beechwood frame and a seat made of imitation leather or velvet fabric (100% polyester). The Viennese wickerwork incorporated in the backrest adds a special touch. Includes plastic gliders. For indoor use only. Delivered assembled.

Viennese wickerwork is an extremely durable and robust natural material. To maintain elasticity, the wicker should be moistened regularly – for example, by wiping the back of the wickerwork with a damp cloth. Dirt is also best removed with water.

## Furniture series Yankee

Yankee scores with maximum comfort, low weight, fire protection certification and absolute ease of care. The design impresses with a simple design language combined with elaborately quilted decorative seams. The design is underlined by the successful mix of hard-wearing, wipe-clean and breathable faux leather and attractive fabric cover (100% polyester), rounded off by the tapered legs made of stainless powder-coated tubular steel with floor-protecting plastic glides. Chair and armchair are delivered disassembled including mounting hardware.

## Service station Baristo

The service station Baristo is ideal for a restaurant, café, bakery or business area and can be used as a self-service coffee station or service point for everyday catering applications. The robust storage area (max. load 80 kg) offers space for professional coffee machines, cash register systems, menus and everything that you need to have at hand. The system Baristo is made of melamine-coated wood panels and is available in three different variants and two different finishes. It features revolving doors with high-quality European hinges and two height-adjustable shelves inside (max. load 25 kg each). Available as a basic module, in a Classic design with side frame or in an Industrial design with steel frame. The pull-out section has a built-in waste disposal flap at the front for integrating a waste system (capacity of 20 liters, included in the scope of delivery). Adjusting screws to compensate for uneven surfaces are concealed beneath the plinth. The back has a decorative finish that allows it to be placed anywhere in the room or used as a room divider. For indoor use only. Supplied part assembled.

### Furniture series Artless

Refined outdoor furniture in a material mix of aluminum frame in stainless steel look and plastic panels in wood look. Easy to clean, weatherproof, UV-resistant and scratch-resistant. Suitable for outdoor use. Chair is stackable, bench offers space for three people and can be pushed under the table on both sides. Delivery table and bench is disassembled. Easy assembly, mounting hardware is included. Chair already assembled.

Note: Outdoor tables with plastic slats in wood look have many advantages over tables with wooden table tops. However, there are some points to consider when using these tables: Glasses or other objects made of glass, such as ashtrays or vases, can cause a burning glass effect (magnifying glass effect) when exposed to direct sunlight, which can cause damage to the surface. Please use a suitable base or provide sufficient shade.

**Outdoor bar series Baruba**

Stylish outdoor bar made from a material mix of powder-coated aluminum, textile covering and rope wickerwork. The insert panel made from compact laminate with HPL decorative surface further enhances the product.

The Baruba bar is a flexible outdoor bar concept, designed for use at events or as an additional bar for outdoor areas. It is ready for use in just three steps: Open the side wings, insert the HPL countertop – done. The Baruba bar can be extended as desired, the two parts are quickly and easily attached via a plugin connection. The system can also be extended with an inner and outer corner. With the outer corner, only insert plates are required, so there is no need for an additional frame. Guests will be amazed, and want to linger and enjoy the bar. The bar is folded together to save space and is stowed in practical carrying cases for transporting to the venue and storing. Suitable for outdoor use. Delivered part assembled.

#### Frying pan Aronus

Heavy, high-quality frying pan made from carbon steel.

In a Lyonnaise design with a robust steel thickness of 2.5 to 3 mm. With a sturdy riveted flat handle and additional handle on the opposite side, from a diameter of 32 cm. Optimal heat conduction and dissipation allows very high temperatures to be reached, which is ideal for sauteing, grilling and browning. Dishes remain tender and juicy on the inside, but crispy on the outside. Allows flavors to develop while preserving vitamins and nutrients. Suitable for all types of hobs. The pan must be seasoned before using for the first time. The pan increasingly gains patina as it is used over time, which boosts its natural non-stick properties. This protection ensures a long service life. Not suitable for dishwasher.

### Work shoe Flash

Upper and lining: breathable mesh.

Lightweight and breathable unisex sneakers. Conforms to protection class O1 (standard: EN ISO 20347:2022). Thanks to a specially developed last, these sneakers provide an optimum fit on the foot and ensure maximum comfort all day long. The extra-light weight of the shoe prevents fatigue during everyday tasks. The elastic and supportive upper creates an attractive look and is seamless and breathable. The fixed sewn-on tongue means that the shoe can be put on like a sock. The classic on-top lacing allows the shoe to be laced up more tightly if required. Soft, seamless tape reinforces the front of the shoe. The responsive shoe cushioning relieves strain on the knees, back and spine. The outsole with central arch support offers optimal support in the midfoot area in addition to the removable insole.

The non-slip rubber outer sole conforms to the SR standard. It provides optimum grip on damp and slippery floors, has an antistatic effect and is resistant to oils and greases.

Supplied with shoehorn and an extra pair of shoelaces.
