Crystal glass

Crystal glass differs from conventional glass by its particularly high transparency and brilliance. Depending on the cut, light rays are refracted thousands of times in the glass, so that crystal glass shimmers and sparkles beautifully. With their appealing appearance and fine mouth rim, stemware made of crystal glass is also perfect for tasting.

Content

The ml specification of all vessels always refers to the maximum serving value (to the top edge).

VEGA Buffet tables Valinta
Buffet table made from derived timber product. This table is ideal for combining with all of our buffet accessories in a modular way. The three different insert panels (solid panel, insert for GN platters, attachment for chafing dish Fenton GN 1/1), hygiene protection screen and the optional niche panel are available separately. The base and 1 shelf on wall elements/2 shelves (can be adjusted to 10 different heights) on island elements in the body provide ideal storage space for additional plates, cups, etc. There is a cable opening inside the table that allows power cables and water pipes to be fed in and out. The tables are also equipped with 4 height-adjustable gliders on the base. Robust. Durable. Easy-care.
